WEST ASSET MANAGEMENT, INC., Defendant.)))) JURY DEMANDED

PLAINTIFF'S RULE 56.1 STATEMENT OF MATERIAL FACT

1. West Asset Management, Inc. is a debt collection agency that has no relationship with plaintiff.

Exhibit A, Answer at ¶¶ 3, 6.

2. Plaintiff is an individual who resides in Chicago, Illinois, and his cellular telephone number is 773-xxx-7272.

Exhibit B Pl. Resp. West Discovery at Interrogatory 1.

3. West called plaintiff's 7272 cellular telephone twenty-five times within four years of the filing of this complaint.

Exhibit C, West Responses to Plaintiff's Discovery at Interrogatory 1.

4. Each of the twenty-five calls were dialed by West's Ontario Systems, Guaranteed Contacts ("GC") dialer.

Exhibit C at Int. 1; Exhibit D, Deposition of Jill A. Jensen, senior vice president of the performance enhancement group at West Asset management, given in this case ("Jensen Depo"), at 7:15-17, 26:23-25.

5. The GC dialer is capable of dialing telephone numbers without human intervention, and each of the twenty-five calls to plaintiff was *dialed* by the GC Dialer, and not by a human being.

Exhibit D, Jensen Depo. at 9:6-10, Exhibit C at Int. 1.

6. West left one recorded message for plaintiff on his cellular telephone, each within four years of the filing of this complaint.

Exhibit C, West Responses to Plaintiff's Discovery at Interrogatory 1, at August 17, 2010, 8:50 pm entry.

7. This message was recorded ahead of time, and played automatically when West's Guaranteed Contacts dialer believed someone or something had answered plaintiff's phone.

Exhibit D, Jensen Depo at 10:7-9, 15:1-8, 17:3-6.

8. Whenever West uses its dialers and recorded messages, it intends to make such calls, and the calls to the 7272 number were intentional, too.

See Exhibit D, Jensen Depo, generally, showing that West owns and uses two predictive dialers that leave recorded messages, that were designed for efficiency. E.g. 28:6-15.

9. West is not aware of any evidence that might suggest that Domingonho Powell provided "prior express consent" to be called on his cell phone, 773-xxx-7272.

Exhibit A at ¶ 2.

10. This Court has federal question subject matter jurisdiction because this case is brought pursuant to the Telephone Consumer Protection Act, 47 U.S.C. §227 et seq., which us a federal law. 28 U.S.C. §1331. Exhibit A, Answer at ¶ 1.

Case: 1:10-cv-07852 Document #: 18 Filed: 09/20/11 Page 3 of 54 PageID #:71

WEST ASSET MANAGEMENT, IN	C.,)	Magistrate Judge Schenkier	
Defendant.)		

WEST'S ANSWER AND AFFIRMATIVE DEFENSES

NOW COMES defendant West Asset Management, Inc. (West) by and through undersigned counsel, and for its answer to plaintiff's complaint, states as follows:

1. Plaintiff Dominginho Powell brings this action to secure redress for violation of the Telephone Consumer Protection Act, 47 U.S.C. § 227 ("TCPA") and the Fair Debt Collection Practices Act, 15 U.S.C. § 1692 et seq. ("FDCPA").

Answer: West admits that plaintiff purports to bring claims under the FDCPA and TCPA, but denies any violations, wrongdoing or liability under the law and denies the allegations of \P 1.

2. The defendant debt collection agency West Asset Management, Inc. ("West" or "defendant") called plaintiff upwards of 25 times using an automatic voice dialing system and prerecorded voice message, sometimes multiple timers per day. Powell has no relationship with West.

Answer: West admits, upon information and belief, that it has no relationship with plaintiff. Except as specifically admitted, West denies the allegations of \P 2.

3. This Court has federal question subject matter jurisdiction over the TCPA claims under 28 U.S.C. §§ 1331, 1337, and 15 U.S.C.§ 1692k.

Answer: West admits the allegations of \P 3 for jurisdictional purposes only.

4. Venue is proper because a substantial portion of the events complained of occurred in this District.

Answer: West admits the allegations of \P 4 for venue purposes only.

5. Plaintiff is an individual who resides in this district.

Answer: West is without sufficient knowledge or information to form a belief as to the truth of the allegations of \P 5, which has the effect of a denial.

6. West Asset Management, Inc. is a debt collection agency that does business in this District. Its registered agent is Illinois Corporation Service, 801 Adlai Stevenson Dr., Springfield, IL. Its headquarters are in Marietta, Georgia.

Answer: West admits the allegations of \P 6.

7. The TCPA prohibits the use of "automatic telephone dialing systems" to call cellular telephones. The Federal Communications Commission ("FCC") has held that any telephone system that has "the capacity to dial numbers without human intervention" falls within the prohibition in 47 U.S.C. § 227(b). *In re Rules and Regulations Implementing the TCPA*, GC Docket 02-279, ¶ 13 (January 4, 2008).

Answer: Paragraph 7 contains no allegations directed at West and is a conclusion of law to which no answer is otherwise required. To the extent any allegations are stated against West, to the extent that plaintiff's allegations misstate the law, or to the extent an answer is required, West denies the allegations of \P 7.

8. For purposes of this complaint, the term "dialer" refers to a system that has the capacity to dial numbers without human intervention. In other words, the Dialer, rather than a human being, dials the telephone numbers.

Answer: West admits the allegations of \P 8 for purposes of plaintiff's complaint only.

9. One of West's Dialers is a system called "Guaranteed Contacts".

Answer: West admits only that it uses a Guaranteed Contacts dialer.

10. Upon information and belief, most of the telephone calls made through West's Guaranteed Contacts Dialers are made as part of a dialing campaign. This means that a representative of West selects a group of persons or accounts to call based upon certain criteria.

Answer: West admits only that the Guaranteed Contacts dialer is used on certain dialing campaigns in which accounts to be called are identified and called. Except as specifically admitted, West denies the allegations of \P 10.

11. The Dialer(s) then intelligently decide when a debt collection call will likely be effective to collect a debt for a particular debtor/number (for example, when the debtor is likely near her telephone), and dials the telephone numbers according to this determination.

Answer: West denies the allegations of \P 11.

12. When someone answers a call made during a campaign, either the call is forwarded to an operator (likely to happen if there is an operator available), or a prerecorded message is played.

Answer: West admits that during certain campaigns, an answered call can be transferred to an operator or a message might be played. Except as specifically admitted, West denies the allegations of \P 12.

13. West called plaintiff's cell phone number ending in 7272 at least twenty five times in 2010, using its Dialer.

Answer: West admits only that it called a telephone number ending in 7272 approximately 25 times. Except as specifically admitted, West denies the allegations of \P 13.

14. Plaintiff has no relationship with West.

Answer: West admits the allegations of \P 14 upon information and belief.

15. Upon information and belief, West was attempting to collect a debt alleged owed by a person named Charmaine Hunter, to AT&T, account number ending in 5555. Plaintiff has never had any relationship with AT&T with respect to any account with the number ending in 5555.

Answer: West admits that it was attempting to collect a debt owed by Charmaine Hunter to AT&T on an account ending in 5555. Except as specifically admitted, West is without sufficient knowledge or information to form a belief as to the truth of the remaining allegations of ¶ 15, which has the effect of a denial.

16. At no time did West have plaintiff's prior express consent to call plaintiff on his cell phone using an automatic telephone dialing system or prerecorded voice message.

Answer: West is without sufficient knowledge or information to form a belief as to the truth of the allegations of \P 16, which has the effect of a denial.

17. West cannot show that it had plaintiff's consent to call the 7272 phone number, which is plaintiff's cell phone.

Answer: West is without sufficient knowledge or information to form a belief as to the truth of the allegations of \P 17, which has the effect of a denial.

18. West called plaintiff at the 7272 phone number using its Guaranteed Contacts Dialer on 07/12/10 at 5:48 pm.

One or more of the Counts contained in the Complaint fail to state a claim against West upon which relief can be granted.

SECOND AFFIRMATIVE DEFENSE

Pursuant to 15 U.S.C. § 1692k(c), to the extent that a violation is established and in the event West is found to be a debt collector as defined in the FDCPA, which is specifically denied, any such violations was not intentional and resulted from a bona fide error, notwithstanding the maintenance of procedures reasonably adapted to avoid such error.

THIRD AFFIRMATIVE DEFENSE

Though denying that plaintiff has sustained any damages, to the extent plaintiff can establish that she has sustained any damages, plaintiff has failed to mitigate those damages by either answering one of West's calls, or by returning West's calls to advise West that they were allegedly calling the wrong party.

FOURTH AFFIRMATIVE DEFENSE

The equipment used by West is not an automatic telephone dialing system as defined by and subject to the TCPA.

FIFTH AFFIRMATIVE DEFENSE

Plaintiff lacks standing under the TCPA because he was not the called party.

21. Identify every phone call that you placed to West including the date and time of each call and the phone number from which you called.

Response: Plaintiff called West in around the summer of 2010, to find out who kept calling his cell phone.

22. State when you first obtained telephone service at the number you claim was being called by West, the service provider for that service, the telephone number, the identity of all authorized users and the person that had service at that telephone number immediately prior to you.

Response: Plaintiff is not sure when he first got the Sprint service. He is trying to determine this date.

23. Identify the name of the person that pays the bill for phone service for the cellular telephone identified in Interrogatory 20.

Response: Plaintiff pays the bill for his phone. The phone bills are mailed to his mother, Vanessa Powell. This is a family plan, and plaintiff is an authorized user.

24. Describe the nature of your relationship, if any, with Charmaine Hunter, including whether you are related to her, by either blood or marriage, know Charmaine Hunter, and for how long you have known Charmaine Hunter.

Response: No relationship.

III. REQUESTS FOR PRODUCTION OF DOCUMENTS

1. Produce all documents that support the factual basis and amounts of all damages you claim you have suffered, including but not limited to statutory damages, actual damages, and mental or emotional damages.

Response: Plaintiff seeks statutory damages, only. The amount of those damages is based upon defendant's conduct, not plaintiff's. Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

2. Produce all documents identified in your responses to the Interrogatories.

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

3. Produce all documents you referred to or relied on in preparing your interrogatory responses.

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

4. Produce all documents that support your factual allegations in the Complaint.

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

5. Produce all documents supporting the allegations in ¶ 10 of your Complaint that "Upon information and belief, most of the telephone calls made through West's Guaranteed Contacts Dialers are made as part of a dialing campaign. This means

that a representative of West selects a group of persons or accounts to call based upon certain criteria."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

6. Produce all documents supporting the allegations in ¶ 11 of your Complaint that "The Dialer(s) then intelligently decide when a debt collection call will likely be effective to collect a debt for a particular debtor/number (for example, when the debtor is likely near her telephone), and dials the telephone numbers according to this determination."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

7. Produce all documents supporting the allegations in ¶ 12 of your Complaint that "When someone answers a call made during a campaign, either the call is forwarded to an operator (likely to happen if there is an operator available), or a prerecorded message is played."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

8. Produce all documents supporting the allegations in ¶ 13 of your Complaint that "West called plaintiff's cell phone number ending in 7272 at least twenty five times in 2010, using its Dialer."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

9. Produce all documents supporting the allegations in ¶ 15 of your Complaint that "Upon information and belief, West was attempting to collect a debt alleged owed by a person named Charmaine Hunter, to AT&T, account number ending in 5555. Plaintiff has never had any relationship with AT&T with respect to any account with the number ending in 5555."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

10. Produce all documents supporting the allegations in ¶ 16 of your Complaint that "At no time did West have plaintiff's prior express consent to call plaintiff on his cell phone using an automatic telephone dialing system or prerecorded voice message."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

11. Produce all documents supporting the allegations in ¶ 17 of your Complaint that "West cannot show that it had plaintiff's consent to call the 7272 phone number, which is plaintiff's cell phone."

Response: Plaintiff has attached all responsive documents he has been able to locate. Plaintiff also notes that this document request asks plaintiff to produce documents to prove that something never happened. Investigation continues.

12. Produce all documents supporting the allegations in ¶ 42 of your Complaint that "Upon information and belief, based upon the fact that West uses or used a "scrub" service to determine whether phone numbers are cell phone numbers, West knew it was calling a cellular telephone."

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

13. Produce your telephone and cellular phone records from July 7, 2010 – September 07, 2010.

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

14. Produce all recordings of any conversations with West or messages from West.

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

15. Produce a copy, in text or audio form, of the outgoing voice mail message for your cellular telephone since January, 2010.

Response: Plaintiff has attached all responsive documents he has been able to locate. Investigation continues.

WEST ASSET MANAGEMENT INC'S RESPONSES TO PLAINTIFF'S FIRST DISCOVERY REQUESTS

NOW COMES defendant West Asset Management, Inc., through undersigned counsel, and pursuant to Federal Rules of Civil Procedure 33, 34 and 36, hereby submits the following responses to Plaintiff's First Discovery Requests.

REQUESTS FOR ADMISSION

1. West never had plaintiff's consent to receive autodialed calls at the 7272 phone number.

RESPONSE: Objection; this request assumes facts not in evidence and erroneously assumes that the equipment used by West for making telephone calls was an automatic telephone dialing system subject to the TCPA. Subject to and without waiving this objection, West admits that it currently has no evidence that plaintiff consented to receive autodialed calls at the 7272 phone number, but denies that it did not have consent to call the 7272 number. West was given consent to

make calls by the debtor and intended recipient of the calls, Sharmaine Hunter, when she provided the number to the original creditor, AT&T.

2. West never had plaintiff's consent to receive prerecorded or artificial voice calls at the 7272 phone number

RESPONSE: Objection; this request assumes facts not in evidence and erroneously assumes that the messages used by West were "artificial or pre-recorded voice" messages subject to the TCPA. Subject to and without waiving this objection, West admits that it currently has no evidence that plaintiff consented to receive prerecorded or artificial voice calls at the 7272 phone number, but denies that it did not have consent to leave messages at the 7272 number. West was given consent by the debtor and intended recipient of the calls, Sharmaine Hunter, when she provided the number to the original creditor, AT&T.

3. The dialer West used to call plaintiff was an "automatic telephone dialing system" within the meaning of the FCC order January 4, 2008.

RESPONSE: Denied.

4. At least one of the messages West left for plaintiff used a "prerecorded' or "artificial" voice, as those terms are used in the FCC Order dated January 4, 2008.

RESPONSE: Denied.

INTERROGATORIES

1. Identify all communications to 773—7272. A full response would include but not be limited to the method of contact (e.g. Dialer or manual dial), where the dialer was physically located, what kind of dialer was used, whether an automated or

"live" voice message was left, the date and time of each call and the text of the message that was left, if any.

RESPONSE: Objection; this interrogatory is overly broad, unduly cumbersome, excessive in time and scope and calls for a narrative response properly suited for a deposition. Subject to and without waiving this objection, West's records indicate that calls were made to the 773-7272 number on the following dates:

2. Identify all persons who took any steps toward collecting any debt that has ever been associated with the telephone number 773—7272, and what steps those persons took. Please include persons involved in dialer campaigns, if applicable.

RESPONSE: Savalas Seamster; Collector

Mr. Seamster took an inbound call from an unidentified individual on July 12, 2010.

Jason Richards Operation Strategy Manager Mr. Richards supervises the team that designs and implements dialer campaigns.

3. Identify all policies, practices and procedures that are designed to prevent West from calling or using prerecorded or artificial voice messages for telephone numbers that do not belong to the debtor.

RESPONSE: Objection. This interrogatory seeks the confidential and sensitive, proprietary information of West. Objecting further, this interrogatory is overly broad, unduly cumbersome and excessive in time and scope. Subject to and without waiving this objection, in general, West reasonably relies on the information provided to it by the client when attempting to communicate with a consumer. For example, in this case, West called a number reasonably believing that it was contacting the debtor, Sharmaine Hunter. Had West been notified that it was contacting a person other than the debtor, or that the number associated with the debtor was a bad number, the account would have been updated, the telephone number removed and calls to that number would have stopped. West was first notified in this case that it was calling a wrong number when it was notified of this claim. West's polices and procedures are to not call persons or leave voice messages for persons that are not the debtor.

4. Identify your defenses in this case, and all documents that support or refute such.

RESPONSE: Objection. This interrogatory is overly broad, unduly cumbersome and calls for a narrative response properly suited for a deposition.

Objecting further, this interrogatory seeks disclosure of information protected by the attorney-client privilege and the attorney work produce doctrine. Subject to and without waiving this objection, see West's answer and affirmative defenses. See also the documents produced herewith. Investigation continues.

DOCUMENT REQUESTS

1. All documents that mention or pertain to the plaintiff, 773- 7272, or any symbol, number or other designations that is associated with Dominginho Powell.

RESPONSE: See West's account notes produced as Bates No. West 0001 – West 0008.

2. All documents that mention or pertain to the plaintiff, Jessica Derossett [Sharmaine Hunter], or symbol, number or other designation that is associated with Jessica Derossett [Sharmaine Hunter]. (We agree to keep these materials confidential).

RESPONSE: To the extent this request applies to Jessica Derossett, none. To the extent this request was intended to apply to Sharmaine Hunter, see West's account notes produced as Bates No. West 0001 – West 0008.

3. A copy of the script for any message used during any call to 773-

RESPONSE: Objection; this request seeks information that is not relevant or reasonably tailored to lead to the discovery of admissible information. Plaintiff's claims deal with the source of calls made by West, and the source of the messages left by West, and not the content of those messages. Therefore, the script used by West is not relevant to any of plaintiff's claims. Subject to and without waiving this objection, investigation continues.

4. A copy of the actual recording for any message used during any call to 773-7272

RESPONSE: Objection; this request seeks information that is not relevant or reasonably tailored to lead to the discovery of admissible information. Plaintiff's claims deal with the source of calls made by West, and the source of the messages left by West, and not the content of those messages. Therefore, the script used by West is not relevant to any of plaintiff's claims. Subject to and without waiving this objection, a copy of the only recording associated with the account, of an inbound call, is attached.

5. A copy of all correspondence ever sent by defendant with respect to the alleged debt West was attempting to collect in any call listed in the complaint.

RESPONSE: Objection. This request is overly broad, unduly cumbersome and is not relevant or reasonably tailored to lead to the discovery of admissible information. No correspondence was sent by West to plaintiff as the person responsible for the debt was a third party, Sharmaine Hunter. Further, plaintiff's claims deal exclusively with alleged unlawful telephone calls to his cellular telephone, and not with any written correspondence. Therefore, letters sent to a third party are not relevant, and would require West to disclose the confidential and personal information of a third party unrelated to this litigation.

6. A copy of the complaint and settlement agreement for any action or proceeding filed against you for violation of the TCPA. If West is prevented from

Case: 1:10-cv-07852 Document #: 18 Filed: 09/20/11 Page 39 of 54 PageID #:107

disclosing settlement documents because of a confidentiality agreement, please produce

the complaint and the terms of confidentiality.

RESPONSE: Objection; said request is overly broad, unduly

cumbersome, burdensome and oppressive, ill-defined, excessive in time and scope,

and is neither relevant nor reasonably tailored to lead to the discovery of relevant

and admissible information. Objecting further, evidence of other lawsuits and

claims filed against West is inadmissible and not likely to lead to the discovery of

admissible evidence under Rule 404 of the Federal Rules of Evidence when offered

to demonstrate that prior lawsuits or claims against West are evidence of the

validity of Plaintiff's current claims. Therefore, any lawsuits in the past cannot

serve to buttress the merits of Plaintiff's case. The TCPA is a strict liability statute,

with statutorily defined damages, so that evidence of prior complaints will also not

affect plaintiff damages claim. Notwithstanding said objections, to the extent

Plaintiff seeks matters of public record, such information is equally accessible to

Plaintiff and may be readily ascertained by review of respective court records.
